

UPOD Events your event central

Welcome to UPOD Events! We're looking forward to helping you make your event bigger and better. We reach out to local and national event marketers to invite them to participate in the events we represent. Our services include selling booth spaces, securing corporate sponsorships, buying media, promotion, and planning events.

We work on a commission basis, so there is no cost to you until we find you the participation and/or sponsorship money.
